No. 45/02/NMEEE/Energy Efficiency/2025/1417

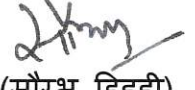

12th June 2026

Subject: Seeking inputs/comments on the draft text edits for inclusion of Ecosystem-Based Approaches, Non-Permanence Risk Assessment Tool and User Guideline under the Detailed Procedure for Offset Mechanism - reg

Dear Sir/Madam,

This is with reference to the Carbon Credit Trading Scheme (CCTS), 2023 notified by the Ministry of Power, in which a national framework has been established with an objective to reduce the greenhouse gases emissions from the Indian economy by pricing the GHG emission through trading of the carbon credit certificates.

With respect to the above, the Bureau has developed the draft text edits for inclusion of Ecosystem-Based Approaches and Non-Permanence Risk Assessment Tool along with user guidelines. Section B - Project Standard of the Detailed Procedure for Offset Mechanism (Version 1) will be amended, and these text edits will be included in this Section of the Detailed Procedure.

In view of the above, you are requested to provide inputs and suggestions in the required word template latest by **11th July 2026** by email to meenakshi@beeindia.gov.in

Yours sincerely

(Saurabh Diddi)
Director
