2. About BEE and Energy Conservation Act

2.1 About BEE

The mission of Bureau of Energy Efficiency (BEE) is to develop policy and strategies with a thrust on self-regulation and market principles, within the overall framework of the Energy Conservation Act (EC Act), 2001 with the primary objective of reducing energy intensity of the Indian economy. This will be achieved with active participation of all stakeholders, resulting in accelerated and sustained adoption of energy efficiency in all sectors.

The setting up of Bureau of Energy Efficiency (BEE) provides a legal framework for energy efficiency initiatives in the country. The Act empowers the Central Government and in some instances the State Governments to:

- Notify energy intensive industries, other establishments, and commercial buildings as designated consumers.
- Establish and prescribe energy consumption norms and standards for designated consumers.
- Direct designated consumers to designate or appoint certified energy manager in charge of activities for efficient use of energy and its conservation.
- Furnish information with regard to energy consumed and action taken on the recommendation of the accredited energy auditor to the designated agency.
- Comply with energy consumption norms and standards, and if not so, to prepare and implement schemes for efficient use of energy and its conservation.
- Prescribe energy conservation building codes for efficient use of energy and its conservation in commercial buildings State Governments to amend the energy conservation building codes to suit regional and local climatic conditions.
- Direct owners or occupiers of commercial buildings to comply with the provisions of energy conservation building codes.
- Direct mandatory display of label on notified equipment and appliances.
- Specify energy consumption standards for notified equipment and appliance.

- Prohibit manufacture, sale, purchase and import of notified equipment and appliances not conforming to standards.

The Energy Conservation Act, 2001 defines the powers of the State Government to facilitate and enforce efficient use of energy and its conservation. The State Governments have to designate State Designated Agencies in consultation with the Bureau of Energy Efficiency to coordinate, regulate and enforce the provisions of the Act in the State. Thus the State Designated Agencies are the strategic partners for promotion of energy efficiency and its conservation in the country.

2.2 Organization

BEE is a multi-disciplinary body with a sanctioned strength of 19 personnel. Under the provisions of the Energy Conservation Act, 2001, Bureau of Energy Efficiency has been established with effect from 1st March, 2002 by merging into it, the erstwhile Energy Management Centre, being a society registered under the Societies Registration Act, 1860, under the Ministry of Power.

2.3 Functions of BEE

BEE co-ordinates with designated consumers, designated agencies and other organization; recognizes, identifies and utilizes the existing resources and infrastructure, in performing the functions assigned to it under the E.C Act, 2001. The Act provides for regulatory and promotional functions:

The major functions of BEE include:

- Develop and recommend to the Central Government the norms for processes and energy consumption standards.
- Develop and recommend to the Central Government minimum energy consumption standards and labeling design for equipment and appliances.
- Develop and recommend to the Central Government specific energy conservation building codes.
- Recommend the Central Government for notifying any user or class of users of energy as a designated consumer.
- Take necessary measures to create awareness and disseminate information for efficient use of energy and its conservation.

2.4 The Energy Conservation Act, 2001

The Energy Conservation Act, 2001 (ECA) forms the core of the legal framework put in place by India to promote energy efficiency and conservation. ECA came into force with effect from March 1, 2002. Some important sections of ECA relevant to BEE are:

- Section 1 – Short title, extent and commencement
- Section 2 – Definitions
- Section 3 – Establishment and incorporation of Bureau of Energy Efficiency
 - Section 12 – Transfer of Assets, Liabilities and employees of Energy Management Center to BEE
 - Section 13 – Powers and functions of the BEE
 - Section 14 – Power of Central Government to Enforce Efficient use of Energy and its Conservation
 - Section 15 -Power of State Government to Enforce certain provisions for Efficient use of Energy and its Conservation
 - Section 16 – Establishment of Fund by State Government
 - Section 17 – Power of Inspection
 - Section 18 – Power of Central Government or State Government to issue directions
 - Section 26 – Penalties and Adjudication
 - Section 30 – Appellate Tribunal for Energy Conservation
 - Section 48 – Default by Companies
 - Section 52 – Power to obtain Information
 - Section 56 – Power of Central Government to make rules
 - Section 57 – Power of State Government to make rules
 - Section 58 – Power of BEE to make regulations
 - Section 62 – Power to remove difficulties

3. Objective of Training Programme

3.1 State Government & State Designated Agencies

In exercise of the powers conferred by section 15 of the Energy Conservation (EC) Act 2001, all the State Governments / UT Administrations have designated an agency as State Designated Agency (SDA) to coordinate, regulate and enforce the provisions of this Act within the State, either by assigning additional responsibilities to one of the existing departments of the State Government or by establishing a dedicated Stand-Alone SDA for energy efficiency.

In order to build and strengthen the institutional, technical and financial capacities and capabilities of the SDAs for undertaking energy efficiency activities at the State level, BEE provides financial assistance to the SDAs. Providing financial assistance to the State Designated Agencies to coordinate, regulate and enforce efficient use of energy and its conservation.

3.2 State Commissions

Power of the State Commissions to adjudicate in case a person fails to comply with the provisions to enforce efficient use of energy conservation.

3.3 Role of State Designated Agencies and State Commissions

Enforcement of the Energy Conservation Act 2001 is done through Inspection, Adjudication, Inquiry and Imposition of Penalty.

Enforcement of the Act includes

- Need for Inspection and Adjudication
- Process of Inspection
- Process of Adjudication

State Designated Agencies and State Commissions plays an important in the enforcement of the Act for enforcement of the energy Conservation Act.

Therefore, the workshops/training are organized by BEE to enable SERC and SDA to have better understanding/Knowledge of the provisions of the Energy Conservation Act 2001.
