(iv) **Term/ Tenure**

**Governing Council:**

Every member referred to in clauses (o), (p) and (q) of sub-section (2) shall hold office for a term of three years from the date on which he enters upon his office.

(v) **Powers and functions**

**Governing Council:**

The general superintendence, direction and management of the affairs of the Bureau vest in the Governing Council which consist of not less than twenty, but not exceeding twenty six, members to be appointed by the Central Government.

The Governing Council may exercise all powers and do all acts and things which may be exercised or done by the Bureau.

The Governing Council shall meet at such times and places, and shall observe such rules of procedure in regard to the transaction of business at its meeting (including quorum at such meetings) as may be provided by regulations.

The Chairperson or, if for any reason, he is unable to attend a meeting of the Governing Council, any other member chosen by the members present from amongst themselves at the meeting shall preside at the meeting.

All questions which come up before any meeting of the Governing Council shall be decided by a majority vote of the members present and voting, and in the event of an equality of votes, the Chairperson or in his absence, the person presiding, shall have a second or casting vote.

**Management Advisory Committee:**

The Management Advisory Committee shall advise the Bureau on matters relating to-

- (a) Finance, personnel, administrative and policy matters.

- (b) Programmes or schemes relating to or in connection with implementation of the Energy Conservation Act.

**Policy Advisory Committee:**

The Policy Advisory Committee shall advise the Bureau on the matters relating to-

- (a) Research and Development studies for identification of energy saving potential in end use of energy, including buildings in industrial, commercial, domestic and agricultural sectors and development of programmes for their realization.
- (b) Balanced growth in energy consumption to sustain economic growth caused by accelerated industrialization, urbanization and rural electrification taking into consideration, for comfort, health, and productivity of the users of energy.
- (c) Improving energy efficiency in the generation and use of electricity, energy efficient processes, equipment, devices and systems and sustainable use of energy resources to optimize efficient use of energy and its conservation in all sectors of economy contributing to sustainable energy management.
- (d) Strengthen the capabilities of professionals dealing with energy efficiency or its conservation, and consultancy services in the field of energy efficiency or its conservation.
- (e) Measures necessary to create awareness and disseminate information for efficient use of energy and its conservation.
- (f) Promotion of testing facilities for certification and testing for energy consumption of equipment and appliances, and development of testing and certification procedures.
- (g) Norms for processes and energy consumption standards for any equipment, appliance which consumes, generates, transmits or supplies energy.
- (h) Any other matter relating to functions of the Bureau.

The recommendations of each Advisory Committee shall be placed before the Governing Council for necessary directions.
