Subject: Invitation for Feedback on Energy Conservation and Sustainable Building Code (Residential Buildings)

Dear Madam/Sir,

In view of the amendment to Energy Conservation Act in December 2022, Eco Niwas Samhita (ENS) is under revision to Energy Conservation and Sustainable Building Code-Residential Building and termed as revised Eco Niwas Samhita 2024 (ENS 2024) for the inclusion of sustainability features.

ENS 2024 will provides norms and standards for energy efficiency and its conservation, use of renewable energy and other green building requirements. It is a consolidated energy conservation and sustainable building code which integrates:

ENS Part I (Building Envelope), Part II (Electro-Mechanical and Renewable Energy Systems) includes new Chapters to improve the overall sustainability in residential buildings.

Enclosed herewith is the draft of the Energy Conservation and Sustainable Building Code (Residential Buildings). We value your expertise and invite you to meticulously review and examine the document.
