Large Industries Celebrates Energy Conservation Week Across India Under "Azadi Ka Amrit Mahotsav"

By India Education Diary... On Dec 21, 2021

Share

The Bureau of Energy Efficiency (BEE) organised a webinar for Designated Consumers under the PAT scheme during the ongoing "National Energy Conservation Week: 8th-14th December 2021", under "Azadi ka Amrit Mahotsav". The Designated Consumers belonged to energy intensive sectors such as Cement, Iron & Steel, Textile, Pulp & Paper, Refinery, Fertilizer, Chlor-Alkali, Thermal Power Plants, and Aluminium.

On this occasion, while delivering the keynote, the Director General, BEE congratulated the Designated Consumers for celebrating the spirit of Azadi and Amrit Utsav by organizing various activities involving awareness, outreach and commitments towards inculcating values of energy conservation and engaging in energy efficiency activities.

The webinar was conducted to interact with DCs so as to share experiences of the celebration of the week and a highlight their broad course of action plan to contribute to the recent announcements by the Hon'ble Prime Minister at COP 26, Glasgow, UK.

During the webinar, the DCs under the leadership of the Plant Head/Energy Managers highlighted the activities performed during National Energy Conservation Week. The celebration of National Energy Conservation Week included the following main activities: Painting Competition/Fscav
